### Grammar/Writing Tutoring

This is a personalized one-on-one plan to help your student prepare for upper level writing. The instructor will assess where your child is at in their grammar and writing skills and customize a plan. This will include custom grammar lessons that can be done on their own using various curricula, specific help in preparing dictation lessons with an emphasis on what needs to be mastered for their development, and then meeting twice a month for a 20 minute discussion with each student on their prepared writing with feedback and tools for the student to improve and grow.

The tutoring will have set live meetings on zoom and arranged at a time convenient for student and instructor. All assignments and resources will be housed through the Canvas platform. (which is free) Each student will need an email account to register.
